Any other comments you would like to share regarding K-12 Online Conference 2006?

1. Thanks for helping us take this big step forward. Hopefully, we will all soon be working together on this exciting mode of learning and teaching.
2. Great Job! Hope to participate again next year!
3. Fantastic! Please...please...please...do it again!
4. nope- thank you!!
5. This was a super idea. Thanks for organizing such a useful resource!
6. Please keep the presentations online (I am still recommending that people go to the conference site) and please do this again next year. Thanks for all your work in putting together this valuable resource.
7. My feedback is deficient as I am still working through the blog, podcasts... Well done! Should be bigger than Ben Hur next time.
8. Excellent opportunity!! Innovative and responsive to the world in which we are living and educating!
9. Great work guys and girls... well done!
10. Keep it free. Keep it commercial free.
11. Just a great idea whose time has come.
12. I am grateful for the information that was made available and found it useful and interesting. Thank you for all your hard work.
13. Great job! You've got to start somewhere. I'm going to be attending for months! Also, awards to presenters would be great motivators -- people will do anything for awards. The ability to review each presentation would be great also.
14. Thanks for all the hard work it took to pull this together! It was a great event. Please make this an annual event.

- 15.** Thanks to all who worked on organizing and presenting!
- 16.** Please keep doing this! It is one of the best tech conferences I have ever attended! I continue to recommend it to anyone interested in tech integration and the great thing is that they can still take advantage of it, even though they missed the actual dates of the conference. Thanks for a super job! You made it seem easy but I know an incredible amount of work, planning and organization went into it. I especially appreciated the patient, guiding role that Sheryl Nussbaum-Beach provided in each live event. I never felt "stupid" or gave up when I was having a problem knowing what to do. I think she made every participant feel valued and important. I learned soooo much!
- 17.** Thank you so much for organizing this event!!!!!!
- 18.** I hope there will be a way for continued evaluation because who knows what use all these wonderful resources will continue to create for participants. I know we can continue to comment on the blog and maybe that just needs to be reinforced from time to time by the organizers. I feel a little bad about evaluating a conference that I have only just begun to really take in. I feel like I need more time but I totally understand the need to get the data in as people will forget to get back to it. I am inspired by the incredible job by all the organizers. Their work is very much appreciated. I viewed two more sessions today and got so excited! My learning is going to continue for quite some time, as I know it will for many others. I think this is and will continue to be one of the best conferences I have ever attended and will continue to attend! Now just how many other conferences can bring about such a statement. It's a creation like none other before us and just think what lies ahead for us!!!!!!
- 19.** Fantastic idea! It really will be the highlight of my professional development for the schoolyear! Excellent work - Thank-you!
- 20.** Maybe there should be a limit of one presentation per person so that more educators can be heard. It should definitely remain free and sponsorship free - I actually think that there shouldn't be any Graduate credit program attached unless specific permission is sought by all presenters - and in some ways, it reinforces old notions of learning anyway.
- 21.** Looking forward to next year!!! Thanks.
- 22.** Thank you everyone for all of your time you were truly amazing.
- 23.** Wonderful!
- 24.** Thank you to all the organizers! This was truly an amazing experience!
- 25.** * My "neutral" responses reflect the fact that I haven't yet listened to or watched enough presentations to give any other response * I meant to say, thanks very much for organising the conference * I also meant to say, thanks very much for sticking the CoA logo on the front page throughout: it made me proud to be a self-styled A-lister and leading edublogger
- 26.** d
- 27.** You really must do this next year it was a great experience from the receiving end.
- 28.** More than three people should have to work on this - spread the workload.
- 29.** Very enjoyable and I did learn quite a few new things. The practice worksops were very good as I applied them directly in my teaching. I thought there was a lot of talk about blogging when there is so many new Web 2.0 applications.
- 30.** Thank You for all your hard work! It is definitely appreciated more than you could ever know.
- 31.** Thank you. It was and will remain an excellent resource and inspiration.
- 32.** I really appreciate all the work you did in setting this up. It was a great idea and I learned a great deal. All the presenters deserve a big "Atta - Person"! I gleaned a little something from each and a big something from most.

- 33.** A great idea and well-done
- 34.** This is a great way to bring together many different voices and experiences. Do it again!
- 35.** Thank you for all the hard work that went into this. It was so motivating and I appreciate the blog remaining so I can go back and look at some of the events again.
- 36.** I found the 1st week extremely exciting and am looking forward to trying to weave the Web 2.0 activities into my curriculum.
- 37.** Great information...well done for first time.
- 38.** I didn't have the time to fully participate while the conference was taking place. I am looking forward to viewing the presentations over the next few weeks.
- 39.** Wow! This was the first time I participated in such an event and I found it very powerful. Thank you, thank you, to all those who made this possible. I realize it was tons of hard work.
- 40.** Not at this stage
- 41.** Great job & Thank you!
- 42.** Thanks for your work. I hope if it was too much to organize, you'll enlist more help or perhaps more sponsorship to alleviate some of these challenges.
- 43.** Well worth my time. Thank you to the organizers and presenters for a great conference.
- 44.** awesome job! Very valuable!
- 45.** Keep working, it is a great beginning and wonderful resource for individuals that want to go back and forth to learn piece by piece as time permits.
- 46.** Thank you so much. This was the best PD I've had in years...and I've been to all the biggie techie conferences...CoSN, NECC (multiple times), Connected Classroom, Florida Tech....I have never learned so much and felt so empowered. I think lots of that was being able to do it when I could sit down and focus and also because I was at my computer. I could keep practicing and practicing....I'd just stop the video and work on it until I got it. well, almost. I'm still a bit stumped about how to use some of the google Earth stuff. But I think you get the gist. Thank you to the hours and hours it must have taken. I can't imagine.
- 47.** A GREAT and ingenious idea!
- 48.** THANK YOU so much to all who organized and presented. This has truly been a magnificent opportunity, and I'm excited to share what I'm learning with my colleagues and students.
- 49.** Thanks for all the hard work put in by all to make this conference such a valuable resource for a long time to come.
- 50.** This was (is) an excellent conference. Like many others I found myself trying to "attend" everything. I found that I had to slow down to keep up. Thankfully I will be able to continue taking it all in in the coming weeks. My thanks to all of the fabulous presenters and the organizers
- 51.** Phenomenal Work!! Kudos to you all!!
- 52.** Take a long relaxing week off ---- you deserve it.
- 53.** Thank you, thank you, thank you for this opportunity.
- 54.** Other than to give a huge vote of thanks to everyone involved with the conference from its conception to the presentation. Special recognition goes to Sheryl for her assistance in getting my presentation up :)
- 55.** Wonderful!

56. It was a very worthwhile thing to do! :-)

57. Loved it!!

58. Thanks to all the presenters for their time and expertise.

59. Great job, this was a fantastic event and everyone who contributed should be commended.
